In response to your question about the status/decisions on the units, I am sharing the draft Comm

Strat. Laurel says if you have questions feel free to call her.

Take a look and see what you think of the WY RH Comm Strat. Desk Statement is mostly from the Admin's talking points.

When I talked to Janet and Shaun today they wanted us to consider calling PacifiCorp (and presumably Basin as well) to let them know that the rule had been signed and would be on our web site soon. If we decide to do that we would need to add those calls to the comm strat.
